Dear Sir:

In response to the Notice of Abandonment mailed August 8, 2007, Applicants respectfully request that the Notice of Abandonment be withdrawn, or in the alternative, that the application be revived for unintentional abandonment.

Applicants hereby petitions the Commissioner to withdrawn the holding of abandonment under 37 CFR 1.181:

On April 11, 2007, a Notice of Allowance and Fee(s) Due was mailed. The issue fee and publication fee was due within three months from the mailing date of the notice.

On July 11, 2007, Applicants paid the issue and publication fees by faxing Part B - Fee(s) Transmittal PTOL-85 to the PTO. A copy of the filing is attached at Exhibit A.

On July 12, 2007, Applicants noticed that item 4b on Form PTOL-85 mistakenly identified that a check was enclosed for payment of the issue and publication fees, as Applicants had intended to instruct the PTO to debit the issue and publication fees through a Deposit

Application of Sundelin, J., et al
Application No.: 10/643,627

Attorney Docket No.: BI-06-ND6-CCC

Account. Applicants' representatives contacted the PTO and spoke with Ms. Darlene Lyon in the Office of Patent Publication to determine how to correct the error, and were advised that a supplemental instruction paper could be filed to charge the issue and publication fees to a deposit account. In accordance with her instructions, Applicants filed a supplemental paper on July 12, 2007 instructing the PTO to debit a Deposit Account. A copy of the filing and the PTO Auto-Reply Facsimile Transmission is attached as Exhibit B.

On July 25, 2007, an Issue Notification was mailed indicating that the application would issue as US patent 7,256,255 on August 14, 2007.

On August 8, 2007, Applicants became aware that the issue and publication fees were not debited from their Deposit Account. Applicants contacted the PTO to request that the issue and publication fees be debited from their Deposit Account, especially because the patent was scheduled to issue the following week. Applicants' representative spoke first spoke with Ms. Darlene Lyons, who informed Applicants that her July 12, 2007 instructions were in error. Applicants' representatives then spoke with Ms. Andrea Smith in the Office of Petitions, who advised the Applicants that the application should not issue as a patent because of non-payment of the issue and publication fees. As a result of the conversation with Ms. Andrea Smith, the application was withdrawn from issue, and a Notice of Abandonment was mailed indicating that the application was abandoned for failure to timely pay the issue and publication fees as the submitted fee of \$0 was insufficient.

It is evident that the Applicants had an intent to pay the issue and publication fees, and were diligent in bringing to the PTO's attention the above errors and inconsistencies. Additionally, the PTO has discretion to accept payment of the issue and publication in cases where there are errors in payment of such. *See e.g.*, 37 CFR 1.311(b), and MPEP § 1306.01 8th ed, rev. 5.

In the present application, Applicants have previously filed general authorizations to charge a Deposit Account, timely filed the fee transmittal form for payment of the issue and publication fees, and solicited and followed the instructions of PTO personnel; however, the issue fee and publication fee are deemed insufficient.

Applicants respectfully request: 1) the Notice of Abandonment be withdrawn; 2) the publication and issue fees in the amount of \$1,700.00, and any other additional fees if required,

be debited from Deposit Account No. 50-4255; and 3) the application be allowed to issue as a patent.

It is believed no fees are required in the filing of the present petition under 37 CFR 1.181. If any fees are required, please charge the same to Deposit Account 50-4255.

In the alternative, should the above Petition to Withdraw the Notice of Abandonment be denied, Applicants hereby petition for revival of this application as being unintentionally abandoned under 37 CFR 1.137(b):

Payment of the issue and publication fees was previously submitted on July 11, 2007 in Form PTOL-85, and is herein submitted for a second time at Exhibit A. Please charge the issue and publication fees in the amount of \$1,700, to Deposit Account 50-4255. Applicants also authorize the Director to charge any deficiency, or credit any overpayment to the same Deposit Account.

Since this application was filed on or after June 8, 1995, no terminal disclaimer is required. Applicants have moved promptly to reinstate the application following the August 8, 2007 Notice of Abandonment. Applicants hereby state that the entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional. Applicants respectfully request that the application be revived and allowed to issue as a patent.

Please charge the petition fee of \$1,500.00 under 37 CFR 1.17(m), and any additional other fees required to Deposit Account 50-4255.

Respectfully submitted,
